SHREYA MASKE

Computer Engineering Student | Cyber Security

truelyshreya@gmail.com | +91 7030816795 | Maharashtra, India | truelyshreya-dot | shreya-maske-b3723b412

OBJECTIVE

Computer Engineering student with hands-on experience in Python, web development, cybersecurity, vulnerability assessment, and databases. Seeking internships in Cybersecurity, VAPT, Web Application Security, or Software Development.

PROJECTS

Security Activity Detector

Cyber Security Project

GitHub

- Developed a Python-Flask application to detect suspicious SQL Injection and XSS patterns.
- Implemented instant detection results through a web-based security monitoring interface.
- **Tech:** Python, Flask, HTML, CSS

Internship Finder Web Application

Web Development Project

GitHub

- Built a platform for students to discover and apply for internships.
- Implemented registration, search/filtering, application tracking, resume upload and role-based interfaces.
- **Tech:** HTML, CSS, JavaScript

WorkConnect

Web Application Project

- Developed a marketplace connecting users with maids, cooks, drivers and other service providers.
- Implemented authentication, service categories, admin management and database integration.
- **Tech:** HTML, CSS, JavaScript, Python, MySQL

Online Voting System

Personal Project

- Built a role-based voting system for Admin, Voter and Candidate users.
- Implemented authentication, one-user-one-vote logic and dynamic election results.
- **Tech:** HTML, CSS, JavaScript

EXPERIENCE

Cyber Security Intern

Kick To Tech

2026

- Developed a Python-Flask Web Application Vulnerability Scanner.
- Implemented checks for SQL Injection, XSS, security headers, directory listing and SSL/TLS.
- Gained practical experience in web security and vulnerability assessment.

SKILLS

Programming: C, Java, Python

Web: HTML5, CSS3, JavaScript, Flask

Cyber Security: VAPT, Web Security, Vulnerability Assessment, SQL Injection, XSS, Security Headers, SSL/TLS

Database: MySQL, SQL

Core: DSA, OOP, Computer Networks, Operating Systems

Tools: VS Code, Android Studio, GitHub, Linux, Windows

EDUCATION

B.Tech in Computer Science & Engineering

JSPM University Pune

2025 – 2028

Cyber Security / Honours

Diploma in Computer Engineering

Government Polytechnic, Hingoli

2022 – 2025

76.91%

SSC

Sacred Heart English High School

2021 – 2022

90%

CERTIFICATION

C Programming Certificate

CMIT Mumbai

2024

One-month certification in C Programming.

ACHIEVEMENTS

District Level Badminton Player

LANGUAGES

English | Hindi | Marathi

STRENGTHS

Problem Solving | Quick Learner | Leadership | Teamwork | Communication
